## Education

**Integrated M.Sc. in Chemistry** *2021 – 2026*
Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat

## Projects

**MSME Credit Risk Loan Eligibility Analysis** December 2025 - January 2026

- Did Analytics for 1,700+ MSMEs to assess credit risk and loan eligibility using Python, SQL, Power BI and Claude.
- Automated reporting for risk indicators including legal risk score, capital strength ratio, and innovation score with data accuracy.

**Follow Verified Investors** Link
*Full Stack Investment Intelligence Platform*

- Built and deployed an investment intelligence platform enabling users to discover portfolios, replay historical changes and follow conviction updates across **15+ portfolios** with data accuracy.
- Designed the Supabase database schema, migrations and live marketplace queries, with deployment workflows via GitHub Actions.
- Integrated APIs , AI workflows and process automation to support contextual tool access.

**Consumer Behaviour Analysis** Report
*FMCG Purchasing Behaviour: Teenage Perspective*

- Analyzed FMCG purchasing behaviour across offline and online channels using Excel and Power BI and Claude from **100+ respondents**, identifying correlations between consumer decision factors using Excel and PowerBI.
- Developed recommendations on inventory strategy and product flow using statistical analysis and visualizations to communicate findings.

## Experience

**Digital Marketing Intern** *AXOSOCIAL — Summer 2024*

- Improved **lead conversion rates by 23%** through customer segmentation, behavioural triggers and analysis of acquisition funnels.
- Built and deployed client websites using WordPress and AI tools including ChatGPT and Claude; incorporated custom AI workflows to support onboarding and digital presence and automated reporting.

**Management Head** *PREGRAD — March 2025 – December 2025*

- Owned operations and logistics for the Surat chapter across **10+ events**, managing resource inventory, scheduling, stakeholder coordination and on ground execution.
- Led a **4 member team**, coordinating responsibilities and tracking operational tasks through completion.

**Freelance AI Content Production** *Sahil Khanna(1M+ subscribers)*

- Contributed to end to end AI content production for **Litmus by Lapaas**, spanning research, scriptwriting, video generation and stitching.
- Used transcripts and internal documents in Claude based copywriting workflows to support bulk script creation and approval generating over **50,000** views.
- Used Higgsfield MCP through Codex for video generation and Claude based workflows for stitching up.

## Skills

**Programming:** Python (pandas), JavaScript, HTML5, CSS3, SQL
**Product and Engineering:** PostgreSQL, Supabase, GitHub, Vercel , Reporting, Analytics and AI automations
**AI and Data:** RAG, MCP, Model Evaluation, Statistical Analysis, Chatgpt, Claude and process automation
**Analytics and Business:** Excel, Google Sheets, Power BI, Funnel Analysis, Tableau , Research, Google Workspace

## Positions of Responsibility
